

# BERKELEY ENGINEERING IN THE RANKINGS

According to the annual rankings by *U.S. News & World Report*, Berkeley Engineering is among the top engineering programs nationally.

## UNDERGRADUATE ENGINEERING RANKED #2 (2021)

- 1st Environmental engineering
- 2nd Civil engineering
- 2nd Electrical engineering
- 2nd Materials engineering
- 3rd Chemical engineering ❖
- 3rd Computer engineering
- 5th Mechanical engineering
- 7th Bioengineering
- 8th Industrial engineering
- n/a Engineering science,  
Nuclear engineering ❖❖

## GRADUATE ENGINEERING RANKED #3 (2021)

- 1st Civil engineering
- 1st Electrical engineering
- 1st Environmental engineering
- 2nd Chemical engineering ❖
- 2nd Computer engineering
- 2nd Materials engineering
- 3rd Industrial engineering
- 3rd Mechanical engineering
- 3rd Nuclear engineering
- 4th Bioengineering

❖ Offered through the College of Chemistry  
❖❖ *USN&WR* last ranked undergraduate engineering science/engineering physics programs in 2016 and nuclear engineering programs in 2004.

NOAH BERGER

One graduating Berkeley engineer wrote, "I will remember my college experience as a journey where I grew not only in academics but also in the social realm. Where a teenage boy developed into a compassionate, ambitious and educated young man. Where my blood turned blue and gold. GO BEARS!"

# Berkeley Engineering

Educating Leaders  
Creating Knowledge  
Serving Society

COLLEGE OF ENGINEERING | UNIVERSITY OF CALIFORNIA, BERKELEY

At Berkeley Engineering, we're making a world of difference. For more than 150 years, we've offered a rigorous, interdisciplinary education that prepares our graduates to make major contributions to the public good.

# EDUCATING LEADERS CREATING KNOWLEDGE SERVING SOCIETY

Our cutting-edge research — in artificial intelligence, robotics, health, sustainable energy and urban infrastructure — is transforming the way people live. At our numerous research labs and maker spaces, students receive training and education, as well as gain hands-on experience in design, prototyping and fabrication.

## OUR ALUMNI

**71,000+** Number of Berkeley Engineering alumni throughout the world

**\$110,000** Median starting salary of 2020 undergraduates joining the workforce

## OUR STUDENTS

**29.9%** Women engineering students (51.6% campus)

**24.3%** International engineering students (15.7% campus)

**82.8%** Entering freshmen who graduate within four years

**12.2%** Freshmen admit rate 2020-21

**3,892** Undergraduate students

**2,155** Graduate students

**70+** Number of engineering student organizations and competition teams students can join to enrich their learning experience

## OUR FACULTY

**6** Turing Award recipients

**76** National Academy of Engineering members

**245** Faculty

**1,600+** Inventions by Berkeley Engineering researchers

Our students have a wealth of opportunities to participate in research, competitive teams, community outreach and more to enrich their learning experience and prepare them for professional roles. Through extracurricular activities and programs, our students develop skills in technology, entrepreneurship, leadership and communication.

**32%** of recent grads head to graduate school. Others find work in:

Business **55%**

Industry **38%**

Government **3%**

Education **3%**
