

## Simultaneous Degree Supplemental Application

College of Engineering

### Minimum Eligibility

- At least two semesters have been completed at UC Berkeley.
- Your overall and technical GPAs are 3.0 or higher.
- If you are currently in another school or college other than Engineering:
  - You must have been admitted to UCB as a freshman.
  - You must meet all [Change of College application criteria](#) and submit all forms required for the Change of College application.
  - You must submit your application by no later than March 1 or October 1 of your fourth semester.
- If you are currently in the College of Engineering:
  - If you started at UCB as a freshman, you must submit before the beginning of your seventh semester of enrollment.
  - If you were admitted to UCB as a transfer student in COE, you must submit before the beginning of your third semester of enrollment at UCB.
  - You must be making satisfactory academic progress in your COE major. Satisfactory academic progress is defined as taking at least 2 technical courses that satisfy your current major requirements each semester. Students who are not making satisfactory academic progress in their current major will be denied a simultaneous degree. Note that Incompletes could negatively impact your eligibility to declare a simultaneous degree.

### Program Requirements

- Your program includes **no more than two upper division courses (used to satisfy major requirements) that overlap**. Note: There is no limit to the number of courses used to satisfy breadth or humanities/social sciences requirements that may overlap.
- Your program must include a minimum of **five upper division courses, of at least 3 units each, that are distinct to your engineering major** (5 classes beyond any that overlap).
- If a ninth semester (sixth semester for transfer students) is necessary to complete your simultaneous degree program, **the request MUST be made at the time of application**. You must indicate that by listing the courses you would enroll in during that additional semester on your planned program. The request for an additional semester will be reviewed as a part of your simultaneous degree application.
- Students pursuing a **simultaneous degree with the College of Letters & Science** can fulfill the College of Engineering (COE) Humanities and Social Sciences requirement by completing the [College of Letters & Science Requirements](#) of Essential Skills and Seven-Course Breadth in their entirety.
- Students pursuing a **simultaneous degree with the Haas School of Business** can fulfill the College of Engineering Humanities and Social Sciences requirement by completing both the [Haas Reading and Composition](#) and the [Haas Seven-Course Breadth](#) requirements in their entirety.

### Instructions

- Make sure you meet minimum eligibility and program requirements.
- Print and complete the following pages, obtaining signatures as required:
  - Personal Statement (next page)
  - Signed policies, procedures, and deadlines statement (next page)
  - Petition to Declare Simultaneous Degrees
  - The [Degree Worksheet](#) for your Engineering major

**Simultaneous Degree Supplemental Application**

College of Engineering

NAME \_\_\_\_\_ SID# \_\_\_\_\_

**Policies, Procedures, and Deadlines**

I understand that as a simultaneous degree student I must adhere to the policies, procedures, and deadlines of both colleges. I understand that this means I must meet the stricter of the two. E.g., If the COE deadline to change a grading option is earlier than the deadline for my other college, I must adhere to the COE deadline, even if the course in question is not for my COE degree.

SIGNATURE \_\_\_\_\_ DATE \_\_\_\_\_

**Personal Statement**

All applicants must submit a personal statement (typed) discussing their interest, motivation and preparation for pursuing their intended majors.
